

# Standing on the Mountain

C

Darling will you marry me I asked a maiden fair  
Turned my back upon her when I looked she wasn't there

[Chorus]

F C  
She left me standing (standing) on the mountain

F G C  
She left me standing way up there

C

Where the honeybees are buzzing round the flowers there  
That is where she vanished somewhere in that mountain air

[Chorus]

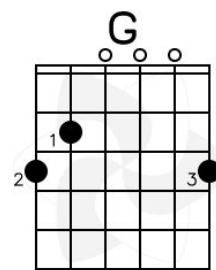

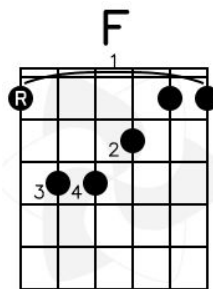

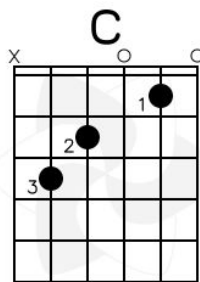

C

I just saw the whippoorwill a-talking to a bear  
They were both a-laughing 'bout her giving me the air

C

I would give most anything if once more she'd appear  
And tell me that she cared a little for this mountaineer
